In Brno, 19. 5. 2020

Affair: Public Tender: Více-elektrodové pole (MEA) pro charakterizaci vnějšího buněčného potenciálu+E20, pro kombinaci s AFM mikroskopem (opakování)

Tender Documentation Explanation (1)

The Contracting Authority provides an explanation of the tender dossier to all suppliers who have requested an explanation of the tender dossier or to whom the tender dossier has been provided, or to other suppliers who have asked the tender terms. The explanation of the tender dossier is provided on the basis of supplier inquiries (inquiry - response) or information provided by the contracting authority (communication). The formulation of supplier inquiries is literally taken over.

The contracting authority received an inquiry from the supplier on 18 May 2020

Inquiry No. 1:

Hi, I have one short question. Are the procurement documents available in English as well? Or are they only available in Czech?

Thanks for your help!

Explanation No. 1:

The tender dossier for this public contract is provided only in the Czech language.

Communication No. 1:

The provisions of the tender dossier, including all its annexes, remain unchanged.
