https://zakazky.muni.cz/contract_disp

Public tender URL address: lay_7194.html

Contracting authority ID

Name: **Masaryk University – Central European Institute of Technology**

Address: Žerotínovo nám. 617/9, 601 77 Brno

ID number: 00216224

Represented by: Mgr. Martina Pokorná, Ph.D., MBA, Deputy Director of Administration

1. PREAMBLE

1.1. *The contract is awarded in the tender procedure outside of the Act No. 134/2016 Coll., on Awarding Public Contracts, as amended, (hereinafter referred to as “the Act”).*

1.2. Funding:

☒ Contracting authority may be the recipient of a grant for the implementation of the public procurement;

☒ The public procurement shall be covered by the own resources of Contracting authority.

1.3. The contract is awarded via the electronic tool E-ZAK.

1.4. Contact person for the contracting authority for the purposes of the tender procedure is: Mgr. et Mgr. Michal Boroš,
e-mail address: michal.boros@ceitec.muni.cz.

1.5. Tender form

5.a) The contracting authority submits a template of the tender form as an Attachment which contains the requirements prefilled by the contracting authority. Those requirements are necessary prerequisites for the supplier's participation in the tender procedure.

5.b) Suppliers shall prove the meeting of all requirements set down by the contracting authority (i.e. requirements on a subject-matter of the public contract, requirements to present all documentation relevant for a tender evaluation) by submitting the tender form inclusive of all relevant attachments or other equivalent documents.

1.6. Responsible procurement

a) The contracting authority is interested in awarding a public contract in accordance with the principles of socially responsible public procurement. In addition to the emphasis on purely economic parameters, socially responsible public procurement also takes into account the related impacts of the contract, especially in the areas of employment, social and labor rights and the environment.

b) Aspects of socially responsible public procurement are taken into account in business and other contractual conditions.

- c) Given the nature of the public contract, the contracting authority did not identify other topics of responsible public procurement that would be in line with the defined subject-matter and purpose of the public contract.

1.7. The data subject, as the controller of personal data, shall inform the data subjects from whom he receives an offer that processes personal data solely for the purpose and for the purpose of fulfilling legal obligations stipulated by Act No. 134/2016 Coll., on the award of public contracts. Learn more about processing and protection of personal data are available here: <https://www.muni.cz/ouniverzite/uredni-deska/ochrana-osobnich-udaju>.

2. SUBJECT-MATTER OF THE PUBLIC CONTRACT, CONTRACT PERFORMANCE CONDITIONS

- 2.1. Subject-matter of the public contract is to establish the terms and conditions for the provision of technology platform services in the field of NGS sequencing of Plant Genomes.

Minimal requirements on the subject-matter of the public contract are specified by technical, commercial and other contractual specifications which are a part of the Attachment of the tender documents in Appendix No. 3.

The result of the procurement procedure will be the conclusion of a framework agreement between the contracting authority and the selected supplier. The framework agreement will be concluded with a single participant, provided that it contains all the conditions for the performance of the public contract awarded on the basis of the concluded framework agreement.

The framework agreement will be concluded for a period of 12 months.

- 2.2. The estimated value of the public contract for the entire duration of the framework agreement is a maximum of CZK 2,000,000 excluding VAT and includes all costs associated with the subject of this public contract.

2.3. Reserved changes to the commitment

The contracting authority reserves the right to change the obligation from the contract to the public contract. The conditions for these changes are defined in the business and other contractual conditions.

3. EVALUATION OF TENDERS

- 3.1. Submitted tenders shall be evaluated for each part of the following criterions.

Criterion	Weightings of the partial criterion
Tender Price for Consumer Basket	100 %

3.2. The Method for the Evaluation of Offers under the Criterion of the Tender Price for Consumer Basket

- The tender price means the price as the sum of the unit prices for the consumer basket. The contracting authority will require performance according to its current needs and the performance in some items may be zero. The subject of the evaluation will be the tender price for the consumer basket during the performance of the contract as defined by the technical, commercial and other contractual conditions, which are defined in the draft framework agreement.
- The tender price shall be set in EUR excluding VAT and it shall be referred into the Tender Form.
- The offer with the lowest offer price shall be evaluated as the best.

4. QUALIFICATIONS

Contractors shall be obliged to prove the qualifications required by Contracting Authority. The technical qualification requirements are set out in Tender form.

5. OTHER REQUIREMENTS AND RECOMMENDATION FOR PROCESSING TENDERS

5.1. The tender must be fully written in Czech, Slovak or English language. Documents drafted in any other language must be accompanied by their translation to the Czech, Slovak or English language.

5.2. In case of a conflict of the content of documents,

2.a) which were expressly required by the contracting authority in the tender documents with other documents which were submitted by the supplier, information stated in the document required by the contracting authority shall prevail,

2.b) which were not required by the contracting authority in the tender documents with the tender documents, information stated in this document shall prevail.

The Contractor authority's right to review such documents is not thereby affected.

5.3. The contracting authority is not obliged to take into consideration any documents and information which a supplier submitted with the tender beyond the requirements specified in the tender documents.

5.4. Suppliers may submit the tender in **electronic form**.

5.5. The contracting authority does not allow any form of offer variations.

5.6. The part of the tender must be completed and signed Appendix No. 2 (Tender form).

6. METHODS OF SUBMITTING TENDERS, OPENING OF THE TENDERS SUBMITTED IN PRINTED FORM

6.1. Tenders shall be submitted by **the end of the deadline indicated on the contracting authority's profile**.

6.2. Electronic tenders are submitted via electronic tool E-ZAK at the web address of the public tender.

7. MISCELLANEOUS

7.1. Participants are not entitled to reimbursement of the costs associated with participating in the procurement procedure.

7.2. Explanation, amendment and completion of the tender dossier.

2.a) Suppliers are entitled to require the Contracting authority to explain in writing the tender dossier. The written request must be delivered to the Contracting authority no later than 4 working days before the deadline for submission of tenders.

2.b) The contracting authority shall send an explanation of the tender dossier, or any related documents, no later than 2 working days after receipt of the request referred to in point 6.2.a). If the contracting authority provides a clarification on a request for an explanation that is not delivered in time, it may not comply with the deadline specified in the previous sentence.

2.c) The contracting authority shall simultaneously send an explanation of the tender dossier, including the exact wording of the requirement under point (a), to all participants invited under the closed call, or publish an explanation of the tender dossier, including the exact wording of the application, in the same way as the open call notice.

2.d) The contracting authority may provide an explanation of the tender dossier without prior request. Points (a) and (b) shall apply mutatis mutandis.

The tender dossier contained in the tender documents may be amended or supplemented by the contracting authority before the deadline for submission of tenders. An amendment or supplementation to the tender dossier

must be published or notified to the suppliers in the same way as the tender dossier, which has been amended or supplemented. Where the nature of the completion or amendment of the tender dossier so requires, the contracting authority shall simultaneously extend the time limit for the submission of tenders accordingly. In the event of such amendment or supplementation to the tender dossier which may extend the range of potential participants, the contracting authority shall extend the time limit to at least its full length since the publication or notification of the amendment or supplementation to the tender dossier.

- 7.3. The contracting authority is entitled to reject all submitted tenders or to cancel the tender procedure without providing any reason up till entering the contract with the selected contractor.

7.4. Electronic tool E-ZAK

- 4.a) All actions during the tender procedure are processed electronically via the electronic E-ZAK tool unless the contracting authority specifies otherwise in the tender documents or during the tender procedure. The contracting authority warns that suppliers need to process and complete so called "registration of the supplier" in order to be able to use all E-ZAK tool's functions.
- 4.b) The contracting authority recommends that suppliers ask the contact person from the contracting authority to be added to the public tender distribution list or to keep checking the address of the public tender.
- 4.c) If the contracting authority aids the supplier in the electronic tool E-ZAK, he will include the supplier's contact information which is publicly available or other relevant contact information. All suppliers are obliged to review and eventually update their contact information before the completion of the registration in the electronic tool E-ZAK.
- 4.d) All documents sent via the electronic tool E-ZAK are deemed to be properly delivered on the day of their delivery to the user addressee's account of the document in the electronic tool E-ZAK. The fact when and whether the addressee has read the document or when and whether the electronic tool E-ZAK has sent a notification to the contact email address of that addressee does not affect the delivery date.
- 4.e) In line with the increasing requirements for cyber security, the rules for electronic communications are tightened. **From April 2, 2020 it has no longer been possible to submit tenders, requests to participate, preliminary offers, requests to participate in DPS and other messages to contracts published on the profile of the contracting authority of Masaryk University without the supplier's verified identity of the organization in E-ZAK.** The contracting authority therefore recommends that the supplier arrange for identity verification as soon as possible. Identity verification is possible via a data box or via E-ZAK user support in accordance with the EZAK system vendor's user manual.
- 4.f) Terms and information related to the electronic tool E-ZAK including information about the usage of electronic signature are available on:
<https://zakazky.muni.cz/data/manual/EZAK-Manual-Dodavatele.pdf>
- 4.g) Supplier must follow the contracting authority's requirements for contract or invoice requisites.

8. APPENDICES

- Appendix No. 1 – Technical Specifications
- Appendix No. 2 – Attachment Tender Form
- Appendix No. 3 – Business Terms and Conditions
