

DECISION TO CANCEL THE TENDER

Public tender identification

Name: **Multinuclear flexible surface coil for MR scanner**
Public tender category: Supplies
Type of procedure: Small-scale contracting
Public tender URL address: <https://zakazky.muni.cz/vz00005371>

Contracting authority ID

Name: **Masaryk University – Central European Institute of Technology**
Address: Žerotínovo nám. 617/9, 601 77 Brno
ID number: 00216224
Represented by: Mgr. Jiří Nantl, LL.M., director

The Contracting Authority of the above-mentioned small-scale public contract which is awarded in the tender procedure outside the regime of Act No. 134/2016 Coll., Awarding Public Contract.

DECIDED

to cancel the tender for performance of the listed public contracts.

JUSTIFICATION

The Contracting Authority clearly specified in the tender conditions that it will not accept any alternative offers. By accepting a change made unilaterally in the terms and conditions, the Contracting Authority would accept such alternative offer and this is unacceptable. In addition, this would undermine the transparency of the selection process when the Contracting Authority did not allow such changes for other participants.

Therefore, after excluding this only tenderer, the Contracting Authority has no tender, and the contract must be canceled.
