

Decision on selecting the most suitable tender offer

Contracting entity: Masarykova univerzita (Masaryk University), Žerotínovo nám. 9, 601 77 Brno,
a public university established by the Act No. 50/1919 Sb., unrecorded in the
Commercial Register

Public contract: System for Atomic Layer Deposition (ALD)

Pursuant to S 81 (1) of the Act No. 137/2006 Sb., on Public Contracts, the contracting entity has

DECIDED TO SELECT AS THE MOST SUITABLE

for the aforementioned public tender the offer submitted by

Andrej Wiśniewski COMEF Aparatura Naukowo-Badawacza, ID: 634-008-07-68, 2 Gdanska Str. PL-40-719 Katowice, Poland

Reasoning:

The task of the evaluating committee was to evaluate all the offers according to the lowest offer-price criterion. Considering the fact that there was only one tender offer to be evaluated, the evaluating committee followed S 79 (6) of the Act No. 137/2006 Sb. and did not carry out any offer evaluation. The contracting entity agreed with committee's conclusions and decided upon selection of the most suitable tender offer made by the aforementioned tenderer.

In Brno on this 12th day of October, 2012
